

DevLUp FSU

GBM #1

Intro to DevLUp

17th September, 2026

Welcome to DevLUp at FSU!

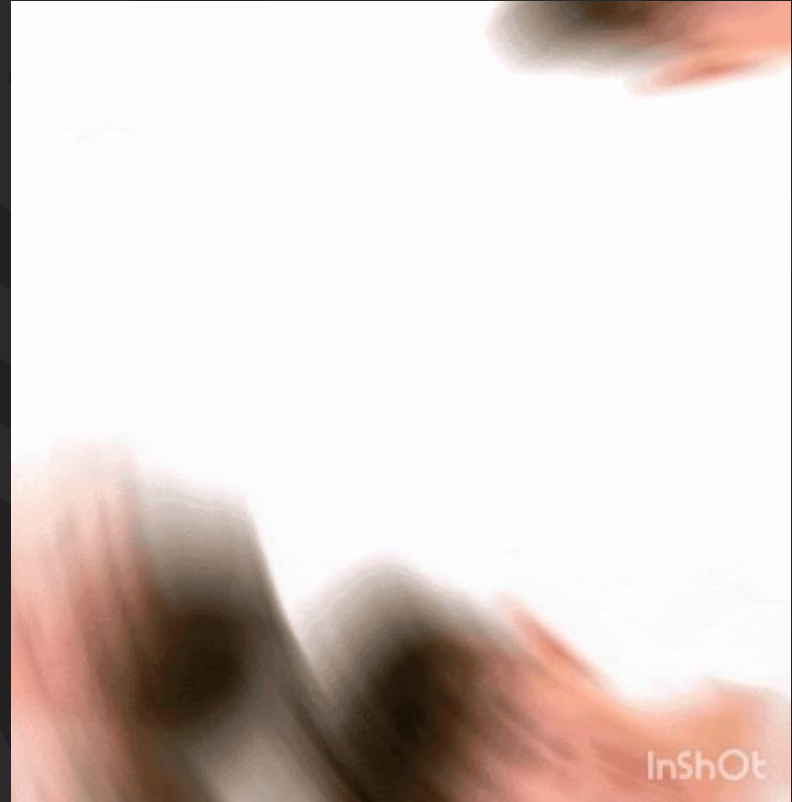

Lesson Plan

- Who is DevLUp for?
- What is DevLUp?
- What is Unity?
- #showoff
- Meet the Team
- Club Project
- Icebreakers

Who is DevLUP FSU for?

- YOU!!!!
- And everyone who has an interest in Game Development!
- More specifically programming, game design, 2D and 3D art, sound design, music composition and production, and more!

What even is a “*DevLUp*”??!?

“DevLUp” is

Previously known as the UF Game Developers' Association, DevLUp is a non-profit student organization that works to bring game development to schools across Florida.

We're a branch of the
DevLUp Community.

that one's us →

Being a “branch” means

We are mostly independent and run our organization however we like.

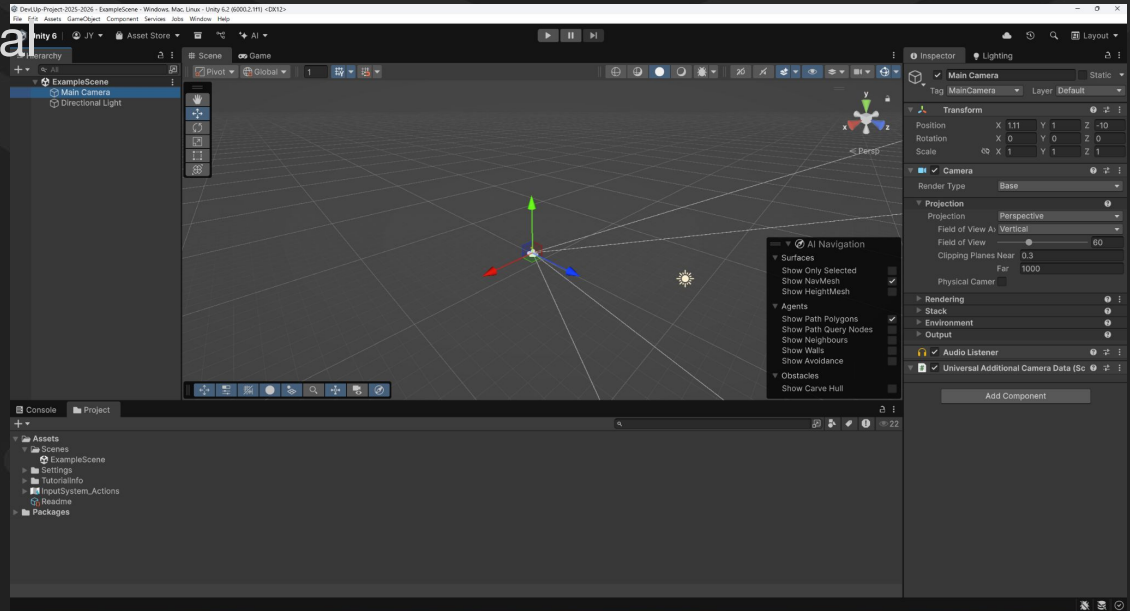

We also have access to all of DevLUp’s tools and resources.

- A community of student and alumni game developers
- Inter-university Game Jams
- A place to organize and update your games portfolio

What is Unity?

- Popular Game Engine used in personal and professional environments
- Supports the C# scripting language
- 2D and

Meet the Team

Hailie Tucker - President

@halfire1127 on 

Computer Science, Senior, she/her

@hailiethhuman ← Insta 

I'm a programmer with my experience focused on Unity and I dabbled in Blender. I've contributed to Orbital Odyssey 🪐, Dawn of Dion ✨, Spider Sol 🕷, Multisensory Music ♪, and Prawemit. I am also a Lead Desk Assistant, an ITS Intern, an Arcvale Programmer, and ACM's social chair. I also do undergrad research and I am involved in a few other clubs like CHAARG.

Im always busy doing something or another but I love to socialize!

Currently I am partial to Dead by Daylight 🏃.

Yusong - Vice President

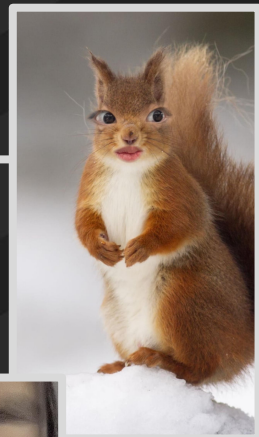

@ysongg on 

Computer Science, Junior, she/her

Hi! I'm a programmer. My previous experience with game development was mainly with Unity 2D, specifically, I have been apart of projects like Prawmite and NutriQuest.

Some of my favorite games are Terraria, Stardew valley, Minecraft...

Besides playing games and making games, my biggest hobby is crocheting. I have been crocheting for about 2 years now, and I really like making plushies and clothes.

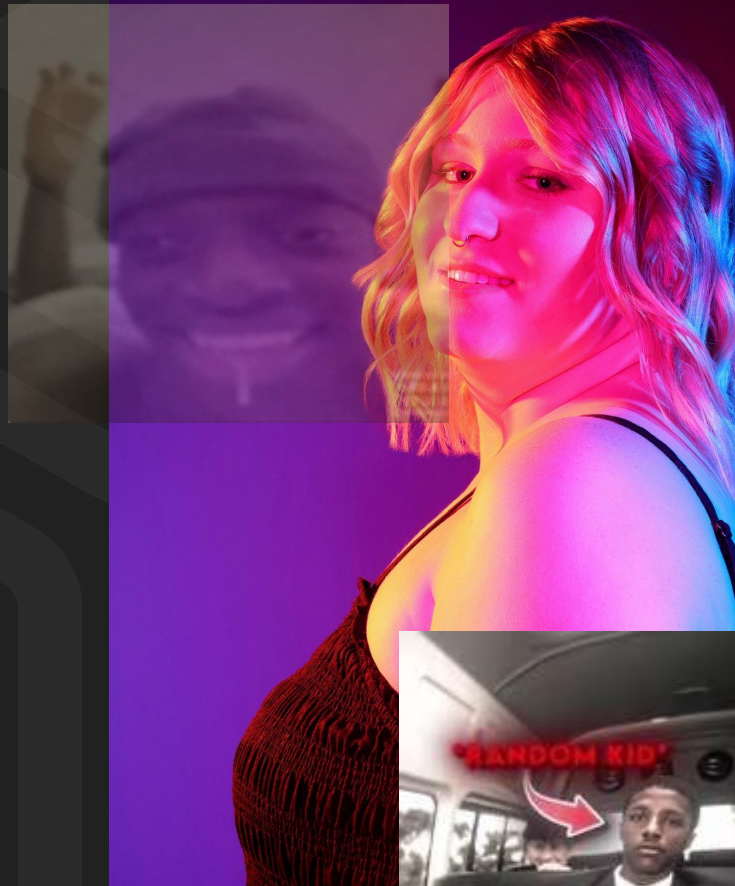

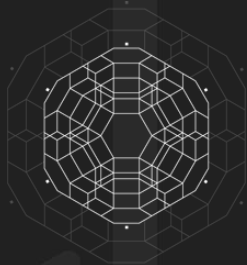

Ashiyah Meide - Secretary

@radialyte on 

Computer Science; 2nd year; she/her

hi. im a software engineer with a special focus on game development. i primarily work in godot and roblox. i love programming as both a tool and an art form.

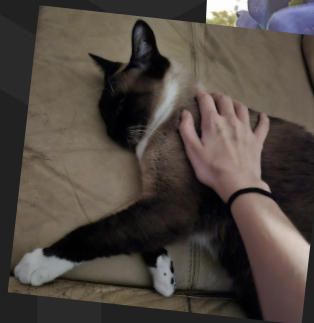

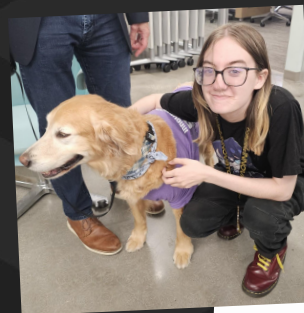

Ares - Project Facilitator

@cherricola on 

*Computer Programming & Applications;
Senior; he/him*

Hey, I'm Ares! I'm a programmer, pixel / 2D / 3D artist, 2D / 3D animator, writer, voice actor, and musician! My primary focus is on improving accessibility in gaming.

My favorite games are Project Zomboid, 1000xRESIST, Slime Rancher, Borderlands 2!

Kaydence Montenegro - Creative Chair

@swipage on 

Civil Engineering (CS Minor) 3rd year, any prns

Hiiii I'm a 2d/3d artist/ animator. I LOVE game jams and have participated in several FSU and visual novel-related jams.

My favorite game of all time are Tomodachi Life, Ultrakill, and Two Point Campus. My guilty pleasure is incremental/idle mobile games. I play so many.

Laura Diez - Social Chair

@laura.10z on Instagram.

Second-Year Cybercriminology and Stats. She/her.

Hii! I'm an amateur programmer and voice actor (I love doing accents). I worked on Dawn of Dion last year and I'm currently interning at the innovation hub teaching an Engage 100 course.

I love sidequesting, asking complicated WYRs, and I have so many random hobbies. Most of all my favorite thing is spending time with the people I love.

My favorite game is highkey Roblox. I also really like 'tiny bookshop' on mobile right now.

Marco Castano - Marketing Chair

@manfriooo on 

Computer Engineering, Senior, He/Him

Hello! I'm a programmer, amateur musician, and I've dabbled in pixel/2D/3D art. Most of my experience is with Godot, but I've also used Unity before. I love participating in game jams, both solo or with a team, and I've contributed to Dawn of Dion last year.

Right now, my favorite video games are Sekiro, Nine Sols, Sifu, and Hades. And besides gaming, my favorite hobbies are playing saxophone, dancing salsa, and chilling with my friends.

Miles Burkart - Webmaster

@limes3464 on 

Computer Science Senior, He/Him

Greetings! I'm Miles, a Programmer and Software Engineer who dabbles in game development. I've made games with Godot, Unity, and some without an engine, so if you have any questions about the technical side of gamedev, feel free to ask!

Currently, some of my favorite games are Noita, Terraria, Mario Kart Wii, and No Man's Sky. I'm also a big VR enthusiast.

Sean McGill - Treasurer

@hollowpotatos on 
Studio Art, Senior, he/him

Welcome! I'm Sean and I am a Studio Art major with a lifelong interest in Art and Game Development. My main area of expertise is in Digital art, mainly 3D modeling and Texture Design, though I have recently been experimenting with 2D Sprite work, as well as learning the basics of programing.

I'm a fan of D&D, particularly the Lore and Worldbuilding.

My overall favorite game, and the one that sparked my interest in game development and game-related art in the first place, is The Legend of Zelda: Majora's Mask (Please Nintendo give it a remake I beg you)

Mitchell Thai - Event Coordinator

@canadianasian on 

Computer Science Senior, He/Him

Hi! I'm Mitchell and I am a game developer, software engineer and musician. I particularly love game design and developing gameplay systems and mechanics. I've made a ton of games in 2D, 3D, and VR including horror, wave shooters, cooking games, and a lot more.

My fav games are Stardew Valley, Zelda BOTW, Elden Ring, TLOU, Pokopia and more.

Fun fact: I can name all 151 pokemon from memory. And most of the rest

summer edition

#👁👁showoff

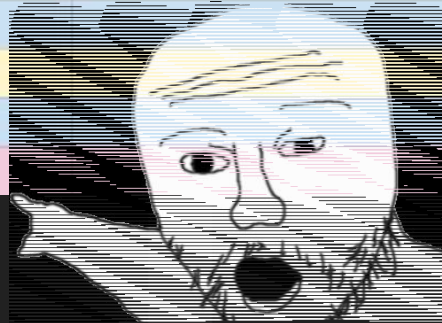

how to use:

 showoff

Our Meeting Schedule:

Date	GBM	GBM Title	Secondary Event	Presenter
		(No Meeting)	ACM Sep 4th	
17 Sep	1	First Meeting		Everyone
24 Sep	2	General introduction to Unity		Yusong
1 Oct	3	Game play and level design		Mitchell

DEVILUP HORROR JAM

- It's a game jam
- Around Halloween
- Loads of Florida schools (and beyond?)
 - (we hope)
- Probably October 16th-17th

Last Year's Club Project

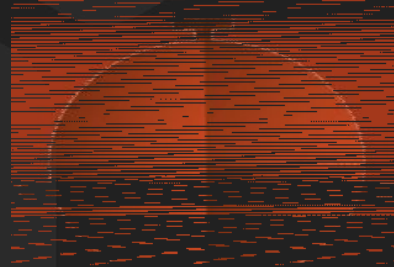

- With the Student Innovators
- A 3D puzzle game
- Made in Unity
- Tradition (previous president appearance)

Our previous President

He must be in the game somewhere
somehow

Next Week's Workshop: Intro to Unity

- We will go through the basics of the Unity Engine to prepare us for the development of the semester project
- Topics we will cover:
 - Editor
 - Importing assets
 - Doing a bit of code
 - Making cool junk 🤘🤘🤘

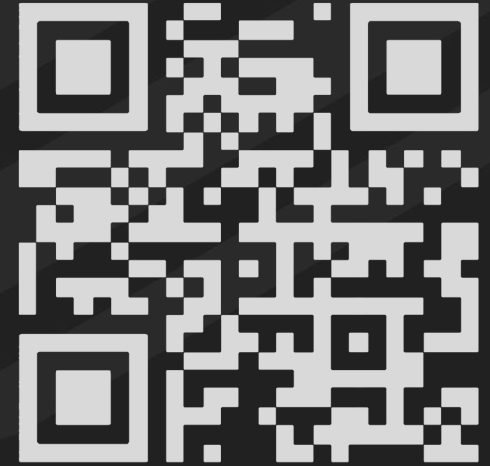

icebreaker time
